

COMPLETED CONTRACT

Site and Location: Fairview Sports Facility, Fairview Park, Dublin 3.

Dublin City Council engaged CLG Developments Ltd as Main Contractors for its new sports facility at Fairview Park in Dublin.

This project comprises two new sports changing facilities including bathrooms, showers, locker rooms, meeting rooms etc. and all associated siteworks in Fairview Park alongside Marino Mart, with a floor area of approx 424 m².

Due to poor ground conditions and the previous use of the area as a landfill site, enabling works included piling using sulphur resistant driven piles, as well as identifying and preserving an existing live main sewer line running between the footprint of the two blocks. Due to high levels of ground soil contamination, passive venting of landfill gas had to be designed and implemented.

The buildings, due for completion in June 2010, includes for the provision of eight number high specification changing room facilities, meeting rooms and referee facilities.
