

COMPLETED CONTRACT

Site and Location: Cornmarket Street, Cork.

CLG Developments Ltd are currently undertaking the Cornmarket Streetscape Renewal Project on behalf of Cork City Council. This is a high specification upgrade and restoration of an existing live area spanning 200m in Cork City Centre.

The job consists of the reconstruction of the carriageway, laying of new high specification granite footways, installation of new feature public lighting system, coloured surfacing, white lining, signage, ducting, service diversions, tree planting, drainage improvements and piling for the future erection of the Market Canopy.

All businesses are to remain open during the construction period and pedestrian and vehicular access is to be maintained at all times. Accordingly detailed traffic and pedestrian management plans were prepared and implemented on site.
